FAIRBORNE ENERGY LTD. AMENDS FINANCING

December 3, 2004
Calgary, Alberta

Fairborne Energy Ltd. ("Fairborne") (TSX: FEL) announced that it has amended the terms of its previously announced financing. Fairborne has agreed to issue 2,725,000 common shares at an issue price of \$11.50 per share and 322,000 flow-through common shares at an issue price of \$14.50 per share for total gross proceeds of \$36,006,500. All other terms of the financing remain unchanged. The offering is subject to normal regulatory approvals, including approval of the Toronto Stock Exchange. The common shares and the flow-through common shares will be offered in each of the provinces of Ontario, Alberta and British Columbia by way of a short form prospectus. Closing is expected to occur on or about December 23, 2004.

Fairborne is a publicly traded company with its head office in Calgary and is engaged in the business of exploring for, developing and producing crude oil and natural gas in Western Canada.

This press release shall not constitute an offering to sell or the solicitation of any offer to buy the securities in any jurisdiction. The common shares will not be and have not been registered under the United States Securities Act of 1933 and may not be offered or sold in the United States, or to a U.S. person, absent registration, or an applicable exemption therefrom.

Per barrel of oil equivalent ("BOE") amounts may be misleading, particularly if used in isolation. A BOE conversion ratio has been calculated using a conversion rate of six thousand cubic feet of natural gas to one barrel and is based on an energy equivalent conversion method application at the burner tip and does not represent an economic value equivalency at the wellhead.
